**SUBJECT: TAKE HOME PATROL CAR PROGRAM**

---

---

**Meeting Date:** March 21, 2017, 7:30 PM

**REQUESTED ACTION:**

Council approval of the policy on the Take Home Patrol Car Program "P-017".

**BACKGROUND SUMMARY:**

The city council approved the 2017 budget including the purchase of 24 additional patrol cars to begin an assigned vehicle/take home program. The attached staff report includes the research of surrounding jurisdictions take home programs and a proposed program for Chamblee.

**ISSUE:**

The main research topics were the distances the cars could be taken, rules on parking them places other than the residence, any costs assessed for using them beyond the permitted distances. The staff report and policy are attached for additional information. All Standard Operating Policies are reviewed and updated when the need arises. Any changes to the distances, parking requirements, and costs would require Council approval of the updated policy.
